

# 15 Questions in 60 Seconds with Felicity James

## Chiropractor at Durham House

**1. What would you name the autobiography of your life?**

“Tantrums and Tupperware”

**2. If you could learn to do anything, what would it be?**

I would love to be able to do my own plumbing, plastering and electrics! Can you tell we're doing building work?!

**3. If you won the lottery, what is the first thing you would do?**

Pay off the mortgage and take the girls to Disney World Florida.

**4. If you have 30 minutes of free time, what do you like to do?**

I love reading, so if I have 30 minutes all to myself, that's what I do. I also enjoy baking - when I have a kitchen!

**5. If you could be any fictional character, who would you choose?**

Hermione Granger or Elizabeth Bennet - that's a tough one!

**6. What is something you learned in the last week**

Cued articulation signs used in speech therapy.

**7. What's your favourite indoor / outdoor activity?**

I love sewing and I love going for nature walks with my little girls and husband. I also adore the theatre and try to go as much as possible.

**8. What chore do you absolutely hate doing?**

Deep cleaning the bathroom and the oven.

**9. If you could meet anyone, living or dead, who would you meet?**

I love history, so probably Cleopatra - she fascinates me.

**10. What's your superpower of choice?**

Definitely to be able to control time.

**11. What three traits define you?**

Loyal, caring and thorough.

**12. Do you have a claim to fame?**

I have met Tom Cruise and Warrick Davis in one night.

**13. What would you do (for a career) if you weren't doing this?**

Probably medicine - it was my 2<sup>nd</sup> choice.

**14. What would you most like to tell yourself at age 13?**

To not worry so much and channel the energy into other things.

**15. What is your favourite thing about working at Durham House?**

I have worked here since Farnham opened 11 years ago. I love the multi-disciplinary aspect we have here and the variety of people and conditions we can help with. I'm proud of the Studio also and the extra dimension this brings to our patients' care.
